City Workers Get Pay Raises

The Elba City Council met Monday night of this week for the first time in 1974. A new city Councilman Virgil Coleman was sworn into office by Mayor Ziglar.

Members of the Elba Fire Department met with the council and requested a raise in the amount of pay they get for each fire. The council voted to raise their pay to \$5.00 from the present \$4.00.

Police Chief Jack Smart was named Assistant Police Chief; James Spurlin was promoted to Sergeant and named shift leader; Robert Ross was named Detective II.

The council voted to set the following charges for sewage: \$100 for a 4 inch tap; \$150 for a 6 inch tap and \$200 for an 8 inch tap.

The pay of the employees of the street and garbage departments was increased to \$2.00 per hour.

Police Chief Jack Smart was appointed to the advisory board of the Alabama Police Academy.

Harold Wise To Run For Senate

Harold B. Wise of Route Two, Kinross, announced today that he will be a candidate for State Senator from the Twenty-Fifth District. This district is composed of all of Covington and Geneva counties, most of Coffee and part of Houston County.

Harold is now representing Covington and Geneva Counties in the House of Representatives.

He feels that this has been a rewarding challenge and blessing to him to serve the people of these areas. Harold lives where Coffee, Covington and Geneva Counties join and has property in all three counties.

Harold is a farmer, Trustee of Kinross High School, and Director of the Bank of Kinross. He is married to the former Ida Ruth Haley of Florida and they are parents of three children.

Drivers Test Set Twice Weekly

Beginning next week, the Drivers License Examiner will be in Elba two days each week. These will be Wednesday and Friday, between the hours of 8:00 a.m. and 4:00 p.m.

Students Plan Career

Martha Rogers and Jo Ann Acreman, students at New Brackton High School, have made application for Nurse's School for 1974-75. They are presently participating in Nurse's Aide Training at an Enterprise Hospital.

The girls' involvement in Nursing as a career is a result of the Work Study Project, which comes under the Career Educational Program of Coffee County. This is an agency designed to bring students needs and community job availability together.

Mr. Virgil Coleman is the Placement Coordinator for this program. He says "I think this is one of the most exciting and beneficial programs being provided through our County School System."

Son Joins Father in Business

Stan Marsh is now a member of the Marsh Insurance Company in Elba. He joins his father, Robert Marsh, in the agency.

Stan completed high school in Elba, and graduated from the University of Alabama in 1970. He was a Math major there.

He was a Systems Analyst with National Security Insurance Company in Elba for three years.

Marsh Insurance is located at 137 N. Court, where they moved to a new office last March.

Police Now Use New Radar

Assistant Police Chief Max Rayburn is shown holding the new RADAR GUN recently purchased by the Elba Police Department. The purchase was made with LEPA funds and has been on order for several weeks.

The local department is now using this mobile radar unit to check traffic in Elba. Chief Jack Smart noted that he considered this news release sufficient warning to the motoring public.

New Troop Formed

The City of Elba Police Department has recently chartered a new Scout Troop according to Chief Jack Smart. The new Troop, number 83 will be under the leadership of Officer James T. Spurlin, Scoutmaster and Officer Carl Garrow, Assistant Scoutmaster.

Charter members are: David Batchelor age 12, Jimmy Coleman age 13, Mark Driggers, age 11, Christopher Dublissar age 11, Ronnie Qualls age 13, Jacob Hooker age 11, Charles Jordan age 11, Robert Robinson age 11, Jeffrey Smith age 11, Billy Vessey age 11.

The troop will meet each Thursday evening at the City Hall. Other boys interested in joining Troop 83 should contact Officer Spurlin or Officer Garrow at the Police Station.

Boys age 11 to 17 are entitled to join.

Mother, Daughter Bicycles

Cissy Kelley got a 10-speed bike for Christmas; her mother, Opal got one on New Year's Eve. Mother said she couldn't stand for Cissy to have one, and be without herself. Cissy says her mother was "just jealous."

Now they bike around the neighborhood together, along with the rest of their "bike gang." Sometimes they ride to town together, and Mrs. Kelley says if the gas shortage continues, she'll get herself a basket on the back and ride it to work.

Her handlebars were loose, and she figures she needs a book which tells "all about bicycles," so she can work on it.

Mr. Kelley doesn't mind all this, but did get the doctor's permission for his wife to ride, since she has back trouble.

Cissy has a combination lock for her bike, and must keep it up at night. She is an eighth grade student at Elba High School.

Of course, mother plans to get herself a lock, too.

RESCUE SPOTLIGHT

Richard Thorn is the new Equipment Officer with the Elba Rescue Squad. He has been with the Squad about three years, and says "we work day and night."

"We use many hours from our own jobs trying to help the people of Elba and this area during accidents and emergencies. While most people appreciate our efforts, there is a small number who do not, and we would like to gain the confidence of that small majority."

Richard is a paint contractor in Elba. He is a native of Samsco, and is married to the former Betty Jean Sanders. They have no children.

Girl Scouts Collecting Newspapers

Senior Girl Scout Troop 300 has started a newspaper collecting campaign to add to the many other projects they are doing to help send them to New York in May.

While the girls are saving paper by having it recycled, they are also collecting money for their efforts. Anybody who would like to help them pick up please contact one of the girls below.

Cattlemen Make 1974 Plans

Coffee County beef cattle producers discuss plans for 1974. Committee members are: (left to right) Howard Lasseter, Horace Sessions, Neal Adkinson, G.F.T. Wyatt, and Fred Wood.

Correction

The Publisher of The Elba Clipper was informed by a local citizen recently that we had LIED in print. When he could be calmed down enough to explain just why he was so mad the following was disclosed:

This newspaper carried an article around the first of November of a lawsuit being filed against Elba Mayor Owen Ziglar. The article noted that the required bond for court cost was signed by the necessary three people and named them. One of the signees was identified as Pete Grimes. This is what made our reader so mad. The bond was actually signed by Refrains W. Grimes, L. A. Grimes and Cupid L. Kelley (in that order) on and filed in the courthouse on October 26.

The telephone book list L.A. (Pete) Grimes as living on Cordelia Ave. and the Clipper editor was years ago introduced to Mr. Grimes as "Pete" and in an effort to inform all our readers we took the liberty of using "Pete" identifying Mr. Grimes.

We have long considered Mr. Grimes a friend and according to his statement Christmas Eve, this correction will retain this friendship.

We have long considered Mr. Grimes a friend and have had several conversations (in person and over the phone) over the years at most hours of the day on matters of interest to us both. We hope to retain that friendship.

Police After Stray Dogs

Police Chief Jack Smart says that all stray dogs with no collars or tags will be picked up and taken to the City Pound. He says he has received too many complaints from citizens about dogs turning over their garbage cans.

Mothers March Next Week

There will be a Mothers March of Dimes in Elba on January 17, 18, and 19, according to Mrs. Elba Daniels, Elba Chairman of the March of Dimes.

The March will be sponsored by the Three Seasons Study Club.

Joe Lee Kills 'Cat

Joe Lee, son of Mr. and Mrs. John Glenn Lee, is shown with the big cat and hitting him on three of those occasions, using his 22 caliber rifle.

reported shooting four times after his dog had flushed the big cat and hitting him on three of those occasions, using his 22 caliber rifle.

MARION STUDENTS

TO REPORT JAN. 14

New students are asked to register from 8 to 11 a.m. on the 14th, while old students report before 8 p.m.

Class scheduling begins at 8:00 a.m. on Tuesday, the 15th, with classes starting on Wednesday, January 16.

Letters To

The Editor

Mr. Ferrin Cox, Editor
The Elba Clipper
Elba, Alabama

Dear Mr. Cox:
I want to take this opportunity to express appreciation for your cooperation in giving news coverage to the various programs administered by our agency. There has been a real service to the public and we are most grateful for your help.

We look forward to your continued cooperation. Sincerely,
Lucile C. McMin
Director (COFFEE COUNTY Dept. of Pensions and Security)

December 28, 1973
Dear Mayor:

Speaking for the entire citizenry of Troy, Alabama, I want to express my thanks for the look and response made by Christian servants for many years have had the unwavering assurance that all their times were in God's hands. They can feel that their life is in the hands of God. It brings much peace to the pilgrim traveler through this weary land to know that God leads him and guides him.

There must be a willing acceptance of divine guidance. It is a happy thing when we lead to look for guidance to God in our early years. If we learn as a child to endow to God concerning what path to take, it brings continuing devotion and faith in our later years. We must be willing to accept His guidance.

How does God's guidance come? It may come simply from reading His Word—the Bible. It may come from His Providence—how He opens doors or closes them for us. It comes through the way His Spirit leads us when we are very near to Him. As we bring our prayers for guidance to Him and linger in His Presence, we shall receive an impulse toward or against that which we have brought before Him.

Be still and be patient and wait upon the Lord for your guidance and strength.

Sincerely,
G.A. Gibbs
Mayor

Companies Want to Hear from You

Today, manufacturers are working quietly and without fanfare to help educate customers. More merchandise carries information tags; more ads and booklets list product guarantees and other information. Two-way communication is improving, and consumer response is taken seriously by manufacturers. After all, the more you tell manufacturers what you like, the harder they'll try.

SCOUTS TACKLE NATIONS ENERGY PROBLEM

The Boy Scouts of America, responding to the President's appeal to conserve energy, today announced a massive nationwide program involving its 6.5 million members. The announcement was made here by Earl Stinson, District Scout Executive.

"Our Project SOAR program to conserve energy will helpfully have the full support of the nations energy industry and the manufacturers of paper, metals, and glass," Stinson said.

The nationwide program, which spells out scores of ideas for action projects for Scouts to initiate, lists 37 specific ways that energy can be conserved, Stinson stated.

Cub Scouts, Scouts, and Explorers, are encouraged by the program to lead energy-saving efforts in their homes. Some of the projects that Scouts can do include lowering of thermostats by six degrees, thereby saving 10 percent on fuel bills.

They can also change the wattage of light bulbs in nonreading areas, turn off lights and appliances not being used, and survey clothes washers, driers and dishwashers to see that they are being run with full loads.

Older Explorers who drive automobiles are asked to drive more slowly, avoid jackrabbit starts, and to check pollution control equipment. Younger Cub Scouts and Scouts are encouraged to use their bikes or car pools for going to school and Scout meetings.

Led by their adult leaders, it is expected that thousands of Scouts units throughout the Nation will launch huge reclamation and recycling campaigns for paper, aluminum, glass, and steel.

"The Boy Scouts of America can do much to help the nation's energy conservation," Stinson asserted. "By getting our story to youth and adult members, and through them to their relatives, family, and friends, we can reach a very substantial segment of the American people," Stinson explained.

"And our Project SOAR programs are designed to do just that," he said.

Readers Read Carefully
The Newspaper Advertising Bureau reports that a survey of 1,720 men and women, ages 18 and over, shows that almost nine out of ten adults who read one or more daily newspapers during a five-day span read them thoroughly.

The Bureau says that the typical reader sets aside a certain time each day for reading the paper and becomes involved in clipping news items or advertisements.

Department To

Eliminate

Abandoned Cars

Coffee County and the Coffee County Health Department will be stepping up their drive to eliminate as many derelict and abandoned automobiles during the months of January and February as possible.

"Abandoned automobiles are unsightly and may lead to health hazards to the effect of becoming a harborage and breeding place for mosquitoes, rodents, and other vermin," officials said.

Mr. Gaffney Logan, Sanitarian with the Coffee County Health Department, will be visiting as many abandoned automobile sights in January and February 1974, as possible to obtain release agreements from the owners.

The Coffee County Health Department urges each citizen of Coffee County to participate in this program in an effort to help rid this county of these eyesores and potential health hazards. Your cooperation and help will be greatly appreciated.

STATE TELLS

VACANCIES

The Alabama State Personnel Department this week announced examinations for filling present vacancies in the following positions:

Seed Analyst Supervisor I (\$9,672 - \$11,856)

30 Years Ago

January 6, 1944

Jack Prescott, who has been in training at Sioux Falls, South Dakota, for the past six months, is the guest of his mother, Mrs. G. M. Prescott, and family for the week before going to a new assignment at Delidier, Louisiana.

Miss Ann Wright, after a holiday visit with her parents, Mr. and Mrs. J. V. Wright, has returned to Tallahassee, Fla., to resume her studies at the Florida State College for Women. Chicago Bears won western pro football championship on December 12.

The Elba Theatre - Sunday and Monday - "Panama Hattie" - Red Skelton and Ann Southern. Admission 10c and 25c. Tuesday Only - Bargain Day "Boy From Stalingrad" - All Seats 11c.

Mrs. J. C. McLeod, of Opp, visited Elba relatives the first of the week.

20 Years Ago

January 7, 1954

Drayton Smith has been an early bird all his life. He was born early on the first day of the week of the first day of the year and has been a front runner since.

In discussing business conditions recently Mr. Smith said his business showed an increase this past year over the previous one and he is looking forward to another prosperous year, despite some pessimistic brethren around the square.

Mrs. Hutch (Lewie) Talbot gives an account of a thrilling experience that she had last week. While at White Water cemetery placing flowers on the grave of her mother, she saw some kind of a beast lurking in a thicket with jaws that looked a foot wide. When the animal came toward her, she jumped over a high fence, slid down a ten foot embankment and into a stream swollen by recent rains and lost a shoe.

MRS. ALLEN
ANNOUNCES
CANDIDACY

One of Alabama's public officials has announced her candidacy for State Treasurer. State Auditor Melba T. Allen has been named in a news conference recently in Montgomery. She spoke out against waste and inefficiency in state government in declaring her bid for the office.

Mrs. Allen is perhaps best known for her public relations work in the state government. She has been a member of the Alabama State Bar and the Alabama State Association of Women. She is also a member of the Alabama State Association of Public Officials.

Mrs. Allen is a native of Alabama. She was born in 1912 and grew up in the state capital. She has been married to Mr. Allen for 15 years. They have three children.

Mrs. Allen is a member of the Alabama State Bar and the Alabama State Association of Women. She is also a member of the Alabama State Association of Public Officials.

CONCERT OF
BARITONE SAMUEL
BYRD

The Enterprise Music Club and the Enterprise State Junior College will present Sam Byrd, baritone, in concert on Friday, January 11 at 7:30 p.m. The program will be in the multi-purpose room at the Junior College.

Byrd, a 1968 graduate of Enterprise High School, is also a 1972 graduate of Birmingham Southern College. While in Birmingham, he was a student of Andrew G. Gentry, who won the 1972 Metropolitan Opera Auditions and was a regional finalist. He was also a 1972 winner in the Birmingham Symphony Auditions.

He has performed as guest artist on both the "Second Season" and "Encores" concert series with the Birmingham Civic Opera, as well as the University of Texas and Birmingham Southern College. He receives his Masters Degree in May at the University of Texas in Austin.

In the summer of 1973, Mr. Byrd was chosen to participate in the Apprentice-Artist Program of the Santa Fe Opera Company. His accompanist for this recital will be Miss Robert James, an accomplished pianist of Enterprise who is presently studying at the University of Alabama. Miss James is the daughter of Mr. and Mrs. E. C. James. Byrd's parents are Mr. and Mrs. Travis Byrd. Some of the composers to be represented in the program are Bach, Ravel, Copland, Mozart and Rossini.

This recital is on the public with no admission charge.

CANNED MEATS
Meats in cans are in tune with today's casual living. They are easy to store and convenient to use. And canned meats contain the protein, B-vitamins and minerals necessary for a proper diet.

Canned meats are recognized for their guaranteed and consistent good quality. And they simplify meal preparation since they are cooked and ready to use immediately.

To suit your family's taste preferences there are over 100 styles of meat packed in cans or glass to choose from. Choices range from baby meats to 14-pound hams; from luncheon meats to sausages; from meat sprouts to stew and spaghetti meat combinations. Luncheon meat also comes in many varieties, such as chili con carne, beef and bean, ham and bean, and canned beef and gravy have been growing in popularity.

Wool is not one of the strongest fibers, but it rates near the top in elasticity among the natural fibers due to its innate crimp or curl. Wool has many unusual characteristics - one of which is that even though wool absorbs moisture -- it can also resist rain.

Because of its elasticity and resilience, wool actually becomes "refreshed" by good care between washings. Brush, air, and allow wool garments to hang at least a day between washings.

Wool tends to shrink. But new processes developed to prevent shrinkage now make wool machine washable and dryable. Remember, though, that the wool major contributors to shrinkage of wool are agitation and heat, so use the gentlest washing procedures in lukewarm or cool water, and dry at a low temperature. Always make sure wool is clean when stored to protect against moths.

Try to cook all foods for a meal, in one area of the range or top, in the oven or under the broiler.

Place foods in the oven the moment the desired temperature is reached. However, some foods don't need preheated ovens.

Open the oven door only when necessary during cooking. Turn off the oven as soon as you get through.

Avoid using the oven for small jobs like making toast. Use electric frying pans, broilers and toasters when possible.

Use electric frying pans, broilers and toasters when possible. Avoid using underpowered pans on your surface unit. Match pan size to element size.

Check the color of the flame when cooking with gas. A blue flame means efficient combustion; a yellow flame means poor fuel consumption.
